

# Vacancy Clinical Writer.

**Nobel Biocare:** Nobel Biocare is the world leader in innovative restorative and esthetic dental solutions, providing dental professionals with state of the art evidence-based root-to-tooth solutions, including dental implants, all-ceramic crowns, bridges and laminates, guided surgery planning, scanners and biomaterials. At Nobel Biocare our mission is to be the most desirable partner in science-based solutions that help dental professionals to make a real and lasting difference to the well-being of their patients, empowering them to lead healthier and more satisfying lives. Nobel Biocare is listed on the SIX, Zurich under NOBN.

In Mechelen, the global Center of Competence for Guided Surgery of Nobel Biocare is located. In collaboration with the other global functions, the team investigates, develops, maintains and supports innovative solutions for Guided Surgery in the dental field.

**Job Description:** As part of our documentation team, you create internal and external clinical information for our Guided Surgery solutions. In close collaboration with product marketing, product management, support and training & education, you are responsible for the written materials, both for internal use and external use. You create the materials to communicate the knowledge from our center of competence to the entire company and our customers.

**Your profile:**

- You have a clinical background with strong communication talent, or you have a master degree in the English language with a strong interest and understanding in clinical matters.
- You have some years of experience in clinical writing.
- You can express yourselves in English as if it is your mother tongue.
- You are a persistent team player. Dynamism, responsibility, eager to learn and problem solving are your key characteristics.

**Our offer:**

- A full time job as clinical writer.
- Competitive wage, with interesting extra-legal options.
- An internationally oriented working atmosphere.
- A challenging leading edge and inspiring working environment.
